

The P.R.I.C.E. of Success

Professionalism.

Respect.

Integrity.

Caring.

Engagement.

Herzing University believes in the human potential and personal aspirations of each student. Based on feedback from a cross-section of our community partners (employers, clinical sites, workforce centers), Herzing has developed a framework of behaviors and attributes, that supports a successful and meaningful career. This framework is called the “P.R.I.C.E. of Success.” In order to help each student develop and expand upon these qualities, Herzing has created a culture where students are expected to exhibit these behaviors and attributes in all interactions, in and outside the classroom. Herzing believes students who apply themselves and embody the P.R.I.C.E. characteristics will be more likely to reach their full human potential.
